Purchase Price Details:

- Single Barrel Purchase - \$5500 including GST
- Bloodstone Release Barrel - Price on application

Number of 100 Litre Barrels required Total Amount Due \$

Guaranteed Buyback at 4 years = \$ 6677.35/ barrel exclusive of GST

If the maturation date falls after the expiration of 48 months from the date of purchase then the guaranteed buyback price at 4 years (\$6677.35) will be increased by \$41.73 (exclusive of GST) for each calendar month or part thereof that the number of months exceeds 48. The McLaren Vale Distillery Pty Ltd reserves the right to repurchase the barrel at any time.

Buyback Option 2

You may elect to keep some of the whisky for your own consumption. If you elect this option you acknowledge and accept a pro rata reduction on the guaranteed repurchase price of your whisky. The volume of whisky you elect to retain for your own consumption is limited to the equivalent of 24 x 700ml bottles. If you choose this option you agree and accept that the volume in litres of the whisky in the barrel will be measured. The McLaren Vale Distillery will determine the alcohol level at which your whisky should be bottled to obtain the best result. This will determine the number of 700ml bottles that will be filled from the barrel.

To determine the value per bottle, the guaranteed buyback price on your certificate of ownership will be divided by the total number of bottles to be produced - this will be the agreed price per bottle. To calculate the correct pro rata buyback price the number of bottles you choose to retain will be multiplied by the agreed price per bottle to determine the total value of the bottles retained. This total value will be deducted from the original guaranteed buyback price declared on your certificate of ownership to arrive at the correct pro rata buyback price.
